

Eikoh Seminar Australia Pty Limited

Dear Families,

To help us plan more effectively for your child, we would appreciate if you could fill out this web on your child's interests. Interests can include musical interests, favourite books, songs, toys, sports, what your family does on the weekend, who is in your family, cultural backgrounds or spiritual background.

Please hand the completed web to your child's teacher. Thank you for your time.

(Please feel free to add more or less information than the space provides).

The form consists of a large rectangular frame. In the center of this frame is a large circle with the word "Name:" written inside it in a bold, sans-serif font. Surrounding this central circle are ten smaller, empty circles of equal size, arranged in a ring-like pattern. These circles are intended for the user to write down their child's interests.
